All Aboard: 5 New Luxury Trains to Book This Year

Deccan Odyssey

Nora Walsh

India's fabled **Deccan Odyssey** recently relaunched with plush new interiors and a brand-new exterior painted in colorful Warli art. A spa and salon car will allow riders refresh between stops. Itineraries, which last eight days and seven nights, are available through the travel outfitter Cox and Kings, have also been upgraded to evoke the princely sojourns of decades past. Six immersive circuits departing from Mumbai and Delhi traverse India's cities and wilderness, with visits to the forts of Agra, the forests of Ranthambore, and the palaces of Udaipur, among other destinations.
